Status	COMPLETED

Objective

Use Instagram as a lightweight visual build-in-public channel to complement a formal technical portfolio. The completed work includes a Canva-designed coding Story, a Dev Journey highlight, three relevant tech/developer accounts followed, and public profile visibility.

Completed Requirements

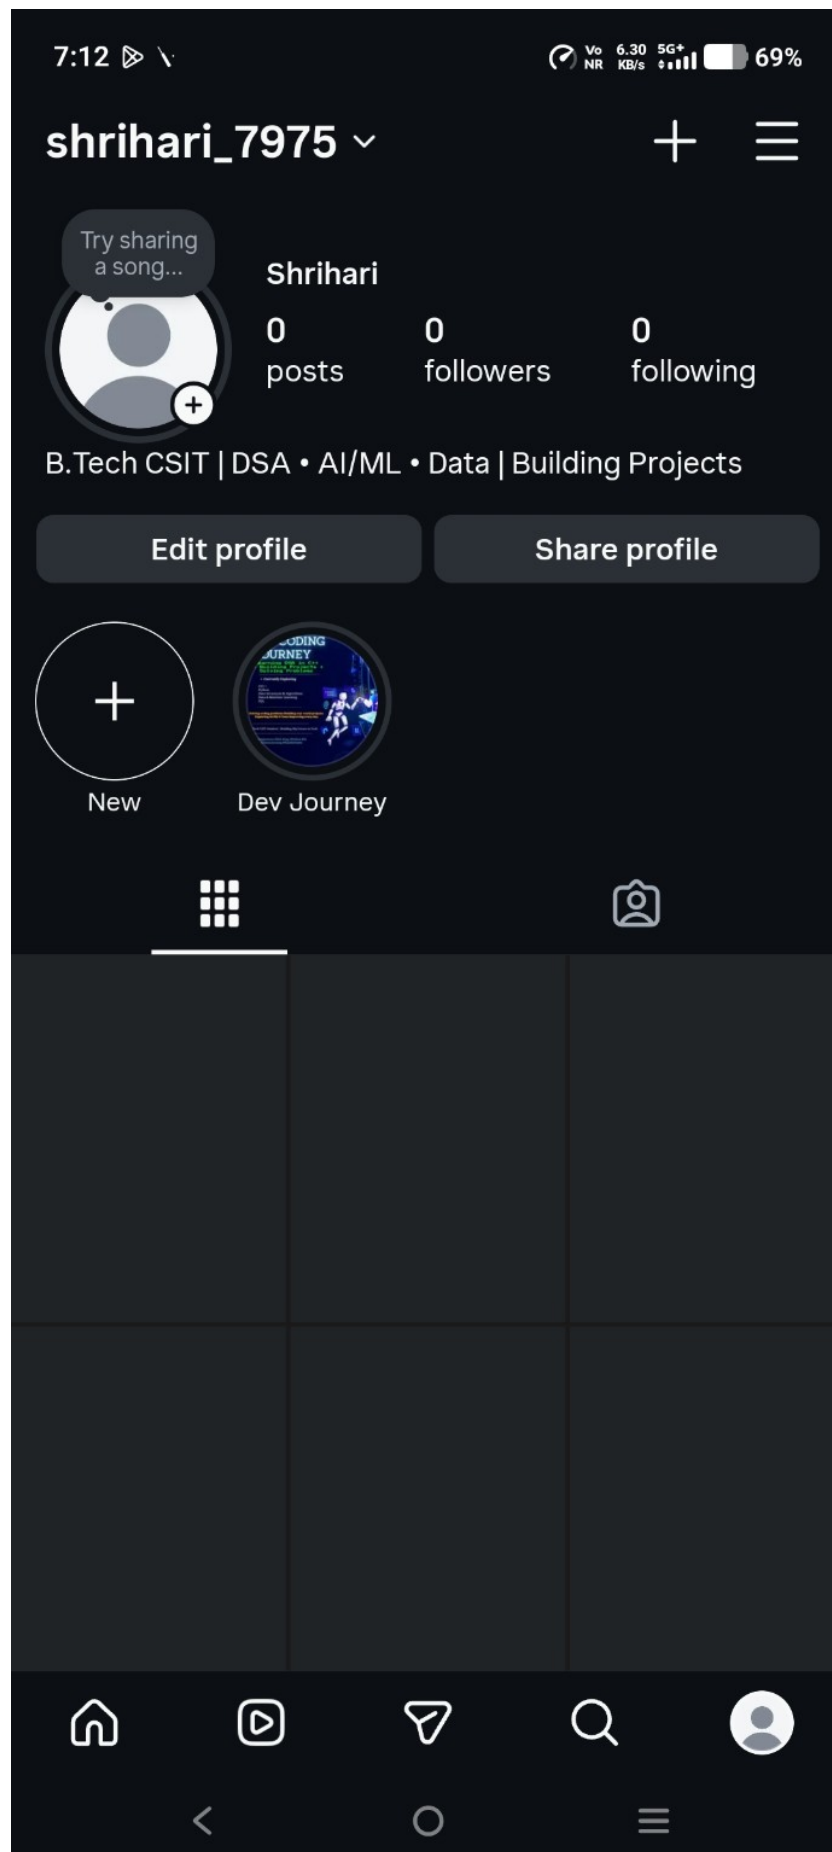

- ✓ Instagram bio updated with a technology/coding focus.
- ✓ Canva coding graphic designed and published as an Instagram Story.
- ✓ Dev Journey highlight created with the coding Story saved inside it.
- ✓ Three relevant technology/developer-community accounts followed.
- ✓ Instagram account confirmed as Public for evaluator visibility.
